

Elias Kokkalidis

Junior Full Stack Developer

Computer Science graduate with hands-on experience in Java, Spring Boot, C#, ASP.NET, React, Angular, SQL, and Docker. Gained practical experience in building full-stack applications using REST APIs, relational databases, and modern web technologies through the Coding Factory program. Brings nine years of business management experience, with strong leadership, communication, and problem-solving skills. Eager to join a collaborative team as a Junior Full Stack Developer and contribute to developing high-quality software solutions.
